

NC STATE

FALL 2017 GENETICS PROGRAM SEMINAR SERIES

NC STATE

PROGRAM
IN
GENETICS

PROGRAM
IN
GENETICS

Time: 1:30 pm

Location: Stephens Room, 3503 Thomas Hall

September 11
Dr. Michael McConnell
University of Virginia School of Medicine
Biochemistry and Molecular Genetics

September 18
Dr. Daniel Weinberger, MD
Johns Hopkins School of Medicine
Department of Neuroscience
(Joint seminar with WM Keck Center)

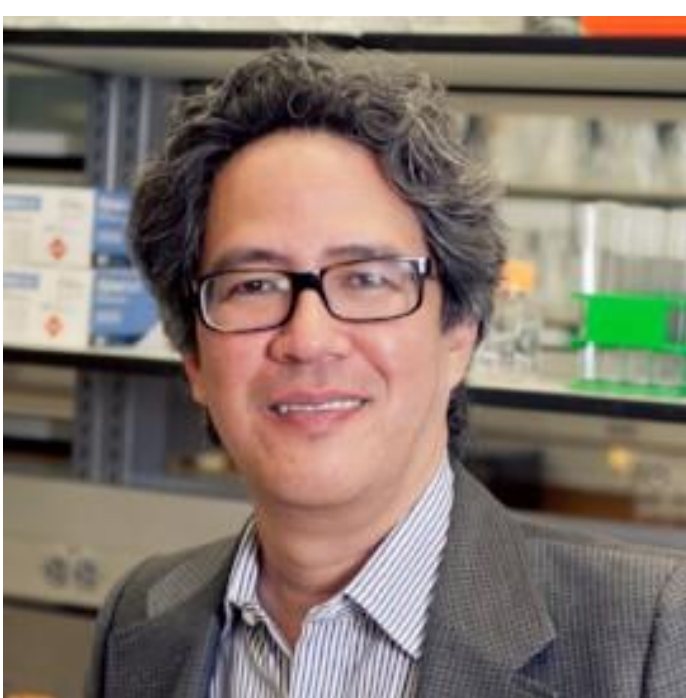

NC STATE

PROGRAM
IN
GENETICS

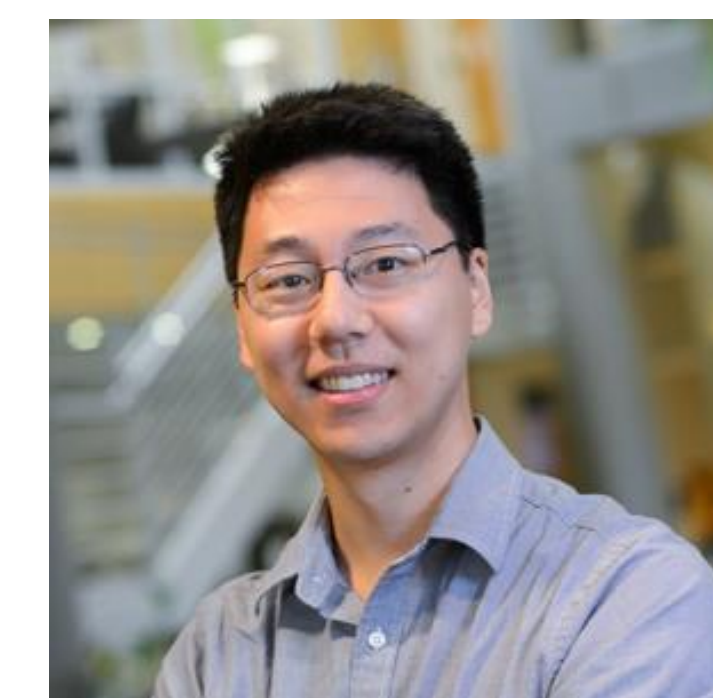

September 25
Genetics Program Faculty Meeting
All faculty encouraged to attend!

October 2
Dr. Amanda Hulse-Kemp
USDA and NC State University
Crop and Soil Sciences
(New Faculty Talk)

October 9
Dr. Michael Purugganan
New York University
The Center for Genomics and Systems Biology
(Hosted by Genetics Graduate Students)

October 16
Dr. Albert Keung
NC State University
Chemical and Biomolecular Engineering
(New Faculty Talk)

NC STATE

PROGRAM
IN
GENETICS

October 23 – October 24
Genetics Program 7 – Year External Review
(Genetics Program faculty and students are encouraged to be available these dates.)

October 30
Dr. Gregory Carter
The Jackson Laboratory
Bar Harbor, ME

November 6
Dr. Oliver Ryder
San Diego Zoo
(Student Hosted Speaker and
Joint Seminar with the WM Keck Center)

November 13
Dr. Yoav Gilad
University of Chicago
Human Genetics

November 20
Dr. Caroline Laplante
NC State University
College of Veterinary Medicine
Molecular Biomedical Sciences
(New Faculty Talk)

November 27
Dr. Mark Estelle
University of California San Diego
Division of Biological Sciences
(Joint Seminar with Plant and Microbial Biology)

December 4
Dr. Noah Whiteman
University of California, Berkley
Center for Computational Biology
(Joint Seminar with WM Keck Center)
